

C. A. LINDBERGH SUCCUMBS TO BRAIN TUMOR

DEATH COMES AFTER LONG SUFFERING

DOCTORS PREVIOUSLY DECLARED OPERATION IMPOSSIBLE

BODY TO BE SENT TO THE TWIN CITIES NEXT WEEK AND CREMATED

(By United Press)
Crookston, Minn., May 24.—Charles A. Lindbergh, former congressman from the Sixth district, died at 10:45 a. m. today at St. Vincent's hospital after a long illness.

He had been suffering from a brain tumor, and after an examination at Mayo clinic, Rochester, it was declared he could not live. An operation was declared impossible.

Lindbergh was brought to St. Vincent's hospital here recently, and seemed somewhat better. He lost consciousness at 10 o'clock last night and relatives were summoned.

Mrs. George W. Christie, Red Lake Falls, a daughter, was with him when he died. A brother, Frank Lindbergh, Crosby, Minn., was notified, and word was sent to his son, C. A. Lindbergh, Jr., with the U. S. flying corps in Texas.

The body will be sent to the Twin Cities next week and cremated.

Lindbergh formerly lived at Little Falls, but in the last few years spent most of the time in Minneapolis. He was a farmer-labor candidate for governor in the primary election next month.

Short Biographical Sketch

Taken from the 1915 Minnesota legislative manual, this record of Mr. Lindbergh is gained:

"He was born January 20, 1859, in Sweden. Brought by his parents to the United States in 1860; lived on a farm near Melrose, Minn., from 1860 to 1881, where he attended the public schools; later on attended Grove Lake Academy and Michigan University, Ann Arbor.

"He resided for many years at Little Falls, where he was engaged in the practice of law, which profession he had followed about 30 years. He was elected to the 60th and re-elected to the 61st, 62nd 63rd and 64th congresses, being succeeded later by Congressman Harold Knutson of St. Cloud."

Girl Must Choose

Her Own Baby From
Group of 6 Foundlings

St. Louis, Mo., May 24.—Fannie Lockwood, 22, a pretty, bob-haired unwed mother, today puts her mother love to its supreme test.

Fannie is to appear in domestic relations court to attempt to recover her six-months-old baby. She must pick her own child, which she has not seen since two weeks after it was born, out of a half dozen infants of the same age.

It is her only chance to recover the baby taken from her by its father, and left in a basket on the front steps of an orphanage.

The tall slim girl with calm blue eyes kept her maternity secret from all but her mother, until two weeks ago, when she caused the arrest of Thomas K. Poepping, basso baritone in the Municipal Opera chorus.

Poepping admitted he left the child on the steps of an orphanage. Judge Ossing then halted the habeas corpus proceeding by the girl's parents with a ruling she must pick her child out of several of the same age to be submitted in court today by the board of children's guardians.

Fannie is confident she can pick out her own boy child.

Origin of Sodas

It is not definitely recorded just who first suggested ice cream sodas in their present form. Snow-cooled beverages were known to the Jews, ancient Greeks and Romans. It is recorded that in Rome a certain Quintus Maximus Gurgus, nicknamed the Glutton, wrote a recipe for a similar preparation in one of his books.

CRANKS AND INDIGNANT REPRESENTATIVES OF EQUAL RIGHTS

(By United Press)
New York, May 24.—Pretty Miss Abbey Rockefeller, granddaughter of John D. Rockefeller, found herself today in the center of a lively little maelstrom involving a police judge, Mayor Hylan, taxi drivers, cranks and indignant representatives of equal rights for rich and poor.

Miss Rockefeller started something when she speeded her roadster down Tenth avenue and was served with her second ticket for the offense, and Magistrate March completed it when he gave the oil king's granddaughter a suspended sentence.

Stirred by scores of letters demanding to know if New York has "one law for the rich and one law for the poor," Mayor Hylan has ordered the papers in the case sent to his office. The mayor was moved to take this action when motorists of high and low degree who had suffered from the lash of the law as it applies to speeders protested indignantly against leniency to Miss Rockefeller.

Many letters were written, among them one signed "one of the common people." Miss Rockefeller is a daughter of John D. Rockefeller, Jr.

BLOODY WILLIAMSON COUNTY HAS DEATH

(By United Press)
Marion, Ill., May 24.—War over the Ku Klux Klan and its anti-boot-legging activities caused another death in bloody Williamson county today.

Following word of the shooting of Glenn Young, Klan raid leader, near Belleville, members of the "constabulary" stationed themselves on the Marion-Herrin road and stopped all cars in the hope of arresting the flight of their leader's assassins.

James Skelcher and Carl and Earl Shelton, known anti-Klansmen, did not stop their car until they had passed the constabulary. When the three started to run Skelcher was shot and killed.

CHICAGO POLICE SEARCH FOR SLAYER OF 14 YEAR OLD BOY

CORONER THINKS SUFFOCATION WAS THE CAUSE OF DEATH

(By United Press)
Chicago, May 24.—Admitting themselves temporarily baffled, police today retraced trails followed during the last 36 hours in the hunt for the slayers of Robert Franks, 14-year-old son of Jacob Franks, Chicago millionaire.

The coroner believes Franks was suffocated with either a gag or the bare hands. Chemists, however, are still working on the theory that poison was forced on the boy. Their work will not be finished until Monday, they said.

Chief of Detectives Michael Hughes and some of his men differ in the motive for the murder. Hughes, who felt quite positive pervers killed the boy after attacking him, now thinks ransom was the primary motive.

Lieut. Michael Grady, head of one squad of detectives engaged in the hunt, believes perversion was the real motive. The boy was killed because the attackers feared exposure.

Hughes has absolved instructors at Harvard private school attended by the boy. Several were subjected to severe and lengthy examination. Another kidnapping confronts police with the disappearance of Miss Nellie Taylor, 18. Several men in an automobile carried her off from in front of her home on the south side. Miss Taylor came from London to Chicago a year and a half ago.

THREATS ARE MADE AGAINST ELDER FRANKS.

Chicago, May 24.—Two threats were made today against the life of Jacob Franks, millionaire, whose son, Robert, 14, was kidnapped and slain, galvanizing police into new activity in the hunt for the slayers. Squads of police and detectives were detailed to guard the Franks home.

Hundreds of officers are working with postal authorities in an effort to trace the letter received today by the father.

The letter threatens death unless the hunt for the boy's killers was stopped.

A second threat of death was received today over the telephone. A woman called the Franks home and warned of reprisals if the hunt continued.

State's Attorney Robert E. Crowe was notified of the new developments by friends of the Franks family. No further details were divulged.

Although hundreds of police officers have been working unceasingly for 48 hours they are still without a real trace to the person who killed the boy, stripped the body of its clothing, and then jammed it into a railroad culvert on the southern outskirts of the city.

GAS POISONING KILLS MAN AND WIFE

(By United Press)
St. Paul, May 24.—Mrs. J. P. Whalen, 39, is dead and her husband, of the same age, is near death at Aneker hospital here today as the result of gas poisoning.

They were found in bed in a gas-filled room at their home by Miss E. Crowley, who lives up stairs in the same house. She broke in the door when no one answered to her calls and knocking. The gas escaped from a heater which was slightly turned on.

15 LABORERS BURIED IN BUILDING RUINS

(By United Press)
New York, May 24.—Fifteen laborers were buried in the ruins and debris when a building under construction at 121 Sixth avenue collapsed today.

Blasting nearby caused the building to fall without warning and the workers were trapped under tumbling masonry and girders.

Fourteen were taken out within an hour after the collapse. All were badly bruised or otherwise injured and required hospital attention.

Rescue workers dug into the debris and shortly before noon it was said that they hope to have the fifteenth victim out of the wreckage within a short time.

JAPANESE AMBASSADOR SO REPORTED AUTHORITY

SOMEWHAT STRAINED AMERICAN-JAPANESE RELATIONS RESULTING

(By United Press)
Washington, May 24.—Masanao Hanihara, Japanese ambassador to Washington, will resign his post here if President Coolidge signs the immigration bill providing for Japanese exclusion, it was learned authoritatively today.

Action by President Coolidge on the bill is expected momentarily. Should Hanihara quit, the two countries would be without ambassadors in their respective capitals at a time of somewhat strained American-Japanese relations. Cyrus E. Woods, American ambassador to Tokio, has already resigned.

Hanihara, it is said, feels that his usefulness here would be over if the immigration bill is signed. He feels, however, that the situation would be different if the president vetoes the measure.

FEDERAL AGENTS WADE IN BEER

Chicago, May 24.—Federal agents waded in real beer last night, almost fulfilling the often heard wish to go swimming in a river of beer.

When agents raided the Manhattan brewery on the south side they found the cellar flooded with real beer. They donned hip boots and waded in up to their knees. The beer was permitted to flow from 11 huge vats, the agents said, when word of their coming was received. Thirteen hundred barrels of beer were found in the place. Its value was placed at \$85,000.

PEPPER PLAN ADHERENCE TO WORLD COURT

HARDING-HUGHES PLAN DEFEATED BY VOTE OF 10 TO 8

(By United Press)

Congress Today

Senate: Considers tax conference report.
Muscle Shoals hearing.
Daugherty investigation.
Mayfield inquiry.
Foreign relations committee expects to vote on world court proposals.
House: Considers McNary-Haugen bill.

Washington, May 24.—The Pepper plan for American adherence to the world court today was reported out by the senate foreign relations committee by a vote of 10 to 6.

The Harding-Hughes plan was defeated by a vote of 10 to 8.

The Pepper plan provides for complete divorce of the court from the league of nations as a prerequisite to American participation. This would be effected by amendment of the protocols of the court to provide for election of judges now made by the council and assembly of the league by separate council and an assembly of signatories.

The committee's action is a defeat for President Coolidge, who yesterday made it plain that he stood firmly behind the Harding-Hughes plan, considered himself committed to it, and would go before the country for it.

SAID HE IS OBJECT OF "BLACKMAIL PLOT"

Washington, May 24.—Chairman Norris of the senate agriculture committee today announced in open hearings that he had been made the object of a "blackmail plot" because of his opposition to Henry Ford's offer for Muscle Shoals.

Putting Mrs. E. Edmunds of Decatur, Ala., on the stand at the request of Senator Heflin, Alabama, supporter of the Ford offer, Norris charged her directly with institution of a plot, declaring she had accused him falsely of kissing a girl at Muscle Shoals during a recent visit of the committee there.

HOUSE MEMBER SAYS NAVY IS WEAK SISTER

Washington, May 24.—The United States navy is in a "deplorable condition," weaker than both Great Britain and Japan, Representative Britten, Illinois, ranking republican member of the house naval affairs committee, declared in the house today.

Britten urged members to study the recent report of the secretary of the navy in order that they may recognize the full importance of the \$150,000,000 naval construction program when it comes up before the house Wednesday.

COMPROMISE TAX BILL UP FOR VOTE

WADE WALTBY, OF ST. PAUL, CHARGED WIFE WITH INFIDELITY

SHE SAID HE WAS A COWARD AND WOULD NOT DARE SHOOT HER

(By United Press)

St. Paul, May 24.—Wade Maltby, 38, is held by police today pending investigation in connection with the killing of his wife and the attempted shooting of Paul Weiss, who was standing near the scene of the murder last night.

Maltby admitted the shooting, according to Motorcycle Patrolman Frank Schmidt, who, with Chief J. M. Schwartz of West St. Paul, arrested him.

According to an alleged statement made to police Maltby said he met his wife on the corner of South Robert and Annapolis streets and charged her with infidelity.

When Mrs. Maltby denied his charge he said he fired into the air. Mrs. Maltby declared he was a coward, and would not dare to shoot her, according to the alleged statement.

After shooting his wife he saw Weiss standing a few paces away and fired at him, but missed.

Maltby was captured about ten minutes later.

Mr. and Mrs. Maltby have two daughters, Ellen 18, and Clara 14, and a son, Henry 16.

ALFALFA HAY KEPT HIM ON FARM

(By United Press)

St. Paul, Minn., May 24.—Alfalfa hay, silage, and good livestock make a combination which will enable the farmer to "win out" on sandy lands, according to a bulletin just issued by the department of agriculture of the University of Minnesota.

Recent studies of the sandy lands in the territory north of the Twin Cities have shown that alfalfa is reasonably certain if Grimm seed properly inoculated is sown on sandy lands which have been treated with ground limestone or marl.

The bulletin gives as an example the case of J. H. Craft, a farmer near Zimmerman, Sherburne county. Mr. Craft had no success as a farmer for a few years after he started with no experience. At the suggestion of specialists at University Farm he sowed Grimm alfalfa and since then Mr. Craft has had great success.

"If it had not been for alfalfa, I would not have stayed on the farm," Mr. Craft says now.

today as a substitute for the McNary-Haugen bill.

When the time for offering amendments to the McNary-Haugen measure arrived, Representative Aswell of Louisiana, ranking democrat of the agriculture committee, who considers the McNary-Haugen bill "bolshieistic," moved to substitute the first section of the bill for that of the McNary bill. He served notice that he proposed to move his entire bill as a substitute.

Berlin, May 24.—Communists today forced merchants in the Ruhr to grant food credit at their stores under threat of plunder if they refused.

The Reds are forcing city councils in the occupied areas to give doles and community dinners, causing outbursts where these are denied them.

Over 1,200,000 workers and their families are being fed daily at a cost of some \$200,000 a day. This rationing which had heretofore cost about \$50,000, now threatens quickly to bankrupt the Ruhr unless negotiations for settlement are successful immediately.

Workers' wives are still urging their men on to deeds of violence and sabotage, according to reports from various towns in the occupied areas. Many mines, including the Moeller group at Buer, have been flooded.

KEEP PHILIPPINES, SAYS AMERICAN AFTER 20 YEARS ON THE ISLANDS

(By United Press)

Philadelphia, May 24.—"The Filipinos, if they knew what is good for them, would not be clamoring for the United States to turn them loose to try their luck as an independent nation."

After twenty years as a resident of the Philippine Islands, B. W. Cadwallader, lumber merchant of Manila, makes this assertion and supports it with facts and figures. Cadwallader, who is now here on business, has come to the conclusion that not only would the Filipinos be out of luck if they were set free, but the United States would lose a ward well worth holding for commercial and military reasons.

A generation or two of education, the visitor believes, will produce a crop of Filipinos who will be free from illusions about independence and look rather to annexation as a territory of the United States.

"All the hullabaloo about independence," he said, "is the work of native politicians. They have nothing else from which to make political capital."

"If the Filipinos could come here they would see for themselves in their present status they have more freedom than any citizen of the United States. There is no Filipino who can come down to facts and explain why he wants independence."

"To the Filipino who listens to and votes for the independence shout, independence means free fish, free rice and no taxes."

"Right now General Wood is in a stronger position and has more friends than he did when he took the job, but it will take some time to undo unwise pieces of administrative work during previous administrations. General Wood is sitting on the lid and will probably continue to do so until the Filipinos change their minds about independence, and that, in my mind, is the proper procedure."

HOUSE MEMBER SAYS NAVY IS WEAK SISTER

Washington, May 24.—The United States navy is in a "deplorable condition," weaker than both Great Britain and Japan, Representative Britten, Illinois, ranking republican member of the house naval affairs committee, declared in the house today.

Britten urged members to study the recent report of the secretary of the navy in order that they may recognize the full importance of the \$150,000,000 naval construction program when it comes up before the house Wednesday.

COMPROMISE TAX BILL UP FOR VOTE

Washington, May 24.—The compromise tax bill was called up in the senate today for final adoption. Chairman Smoot of the finance committee brought the conference report up without objection.

Smoot took up the revised bill, which contains the democratic income tax returns and urged its immediate adoption.

BAD WEATHER MAY STOP THE BRITISH FLIGHT

(By United Press)
London, May 24.—A Central News dispatch from Rangoon says Major MacLaren, British round the world flier, may abandon his attempt unless favored with a spell of good weather. MacLaren is still at Akyab prevented from flying by terrific rain squalls and strong winds. The report also says there is no chance of the weather improving.

WIFE TAUNTED HUSBAND AND HE SHOOTS HER

WADE WALTBY, OF ST. PAUL, CHARGED WIFE WITH INFIDELITY

SHE SAID HE WAS A COWARD AND WOULD NOT DARE SHOOT HER

(By United Press)

St. Paul, May 24.—Wade Maltby, 38, is held by police today pending investigation in connection with the killing of his wife and the attempted shooting of Paul Weiss, who was standing near the scene of the murder last night.

Maltby admitted the shooting, according to Motorcycle Patrolman Frank Schmidt, who, with Chief J. M. Schwartz of West St. Paul, arrested him.

According to an alleged statement made to police Maltby said he met his wife on the corner of South Robert and Annapolis streets and charged her with infidelity.

When Mrs. Maltby denied his charge he said he fired into the air. Mrs. Maltby declared he was a coward, and would not dare to shoot her, according to the alleged statement. He then shot her five times, he said.

After shooting his wife he saw Weiss standing a few paces away and fired at him, but missed.

Maltby was captured about ten minutes later.

Mr. and Mrs. Maltby have two daughters, Ellen 18, and Clara 14, and a son, Henry 16.

ALFALFA HAY KEPT HIM ON FARM

(By United Press)
St. Paul, Minn., May 24.—Alfalfa hay, silage, and good livestock make a combination which will enable the farmer to "win out" on sandy lands, according to a bulletin just issued by the department of agriculture of the University of Minnesota.

Recent studies of the sandy lands in the territory north of the Twin Cities have shown that alfalfa is reasonably certain if Grimm seed properly inoculated is sown on sandy lands which have been treated with ground limestone or marl.

The bulletin gives as an example the case of J. H. Craft, a farmer near Zimmerman, Sherburne county. Mr. Craft had no success as a farmer for a few years after he started with no experience. At the suggestion of specialists at University Farm he sowed Grimm alfalfa and since then Mr. Craft has had great success.

"If it had not been for alfalfa, I would not have stayed on the farm," Mr. Craft says now.

today as a substitute for the McNary-Haugen bill.

When the time for offering amendments to the McNary-Haugen measure arrived, Representative Aswell of Louisiana, ranking democrat of the agriculture committee, who considers the McNary-Haugen bill "bol-shevistic," moved to substitute the first section of the bill for that of the McNary bill. He served notice that he proposed to move his entire bill as a substitute.

ALSO FORCE DOLES AND BIG DINNERS

OVER 1,200,000 WORKERS FED DAILY AT COST OF \$200,000 A DAY

MANY MINES, INCLUDING MOELLER GROUP, ARE FLOODED

(By United Press)

Berlin, May 24.—Communists today forced merchants in the Ruhr to grant food credit at their stores under threat of plunder if they refused.

The reds are forcing city councils in the occupied areas to give doles and community dinners, causing outbursts where these are denied them.

Over 1,200,000 workers and their families are being fed daily at a cost of some \$200,000 a day. This rationing which had heretofore cost about \$50,000, now threatens quickly to bankrupt the Ruhr unless negotiations for settlement are successful immediately.

Workers' wives are still urging their men on to deeds of violence and sabotage, according to reports from various towns in the occupied areas. Many mines, including the Moeller group at Buer, have been flooded.

KEEP FILIPPINES, SAYS AMERICAN AFTER 20 YEARS ON THE ISLANDS

(By United Press)
Philadelphia, May 24.—"The Filipinos, if they knew what is good for them, would not be clamoring for the United States to turn them loose to try their luck as an independent nation."

After twenty years as a resident of the Philippine Islands, B. W. Cadwallader, lumber merchant of Manila, makes this assertion and supports it with facts and figures. Cadwallader, who is now here on business, has come to the conclusion that not only would the Filipinos be out of luck if they were set free, but the United States would lose a ward well worth holding for commercial and military reasons.

A generation or two of education, the visitor believes, will produce a crop of Filipinos who will be free from illusions about independence and look rather to annexation as a territory of the United States.

"All the hullabaloo about independence," he said, "is the work of native politicians. They have nothing else from which to make political capital."

"If the Filipinos could come here they would see for themselves in their present status they have more freedom than any citizen of the United States. There is no Filipino who can come down to facts and explain why he wants independence."

"To the Filipino who listens to and votes for the independence shout, independence means free fish, free rice and no taxes."

"Right now General Wood is in a stronger position and has more friends than he did when he took the job, but it will take some time to undo unwise pieces of administrative work during previous administrations. General Wood is sitting on the lid and will probably continue to do so until the Filipinos change their minds about independence, and that, in my mind, is the proper procedure."

COMMUNITY BETTERMENT

(By United Press)
Waverly, Minn., May 24.—Dr. Frank D. Weber, community expert, will speak here today on community betterment. Mr. Weber has been touring the state for that purpose. This will make Mr. Weber's second appearance in Waverly and many farmers and townspeople are expected to hear him speak.

NEW ROAD ROUTINGS SHORTEN DISTANCES

EACH 9 MILES OF NEW HIGHWAYS SERVING FOR 10 MILES ON OLD LOCATIONS

Designating shorter, better routes, wherever possible, Charles M. Babcock, state highway commissioner, is making nine miles of new trunk highways do the work of ten miles on old locations—reversing the "making of two blades of grass grow where only one grew before," but getting similar economical results.

"Official records show an average of one mile in 10 on new state trunk route locations made under the new program to date, engineers assert, and the percentage will continue on permanent locations remaining to be made," says the highway bulletin this week. "Results will be 700 miles less for the state to improve and forever maintain on the system as originally established at 7,000 miles, it was pointed out, and, of far greater importance, a reduction of a tenth in mileage that Minnesota trunk highway users travel."

The bulletin seeks to make plain the reasons for new locations for trunk routes, with due reference to the investment that can be safely and economically made in such changes, also easier grades and so forth, hold-

ing all matters of definite mathematical calculation.

Here are a few examples, picked at random, of how new routings, according to the bulletin, are reducing highway mileages—shortening distances:

T. H. No. 1—Two Harbors-Grand Marais, old route 100 miles, new 86—saving 14 miles.

T. H. No. 2—Motley-Bluffton, old 36.4 miles, new 29.5—saving 6.9 miles.

T. H. No. 4—Jackson-Windom, old 27.6 miles, new 25.9—saving 1.7 miles.

T. H. No. 8—Erskine-Lengby, old 32.5 miles, new 24.1 miles—saving 8.4 miles.

T. H. No. 9—Spring Valley-Fountain, old 16.8 miles, new 14.8—saving 2 miles.

T. H. No. 9—Fairmont-Sherburn, old 18 miles, new 17.1—saving .9 miles.

T. H. No. 12—Norwood-Cologne, old 9 miles, new 7.8 miles—saving 1.2 miles.

T. H. No. 64—Barnesville-Rothsay, old 17.5 miles, new 14.7—saving 2.8 miles.

The Motley-Bluffton improvement is held to show typical savings, the bulletin states, because while the distance saving is about 20 per cent or double the general average, the 404 vehicles served daily is less than half the average on the whole system. Shortening of the distance by 6.9 miles for 404 vehicles at 10 cents a mile means a saving of \$278.76 a day or \$101,747.40 a year. Reduction in the vehicle operating cost on the route improved as well as shortened at 2 cents a mile for 404 vehicles on the new 29.5 mile section amounts to \$238.36 a day or \$87,001.40 a year. Thus the net savings for the road users are \$188,748.80 a year from a highway improvement costing \$305,687.00.

"The earning capacity of other highway betterments can be computed with fair accuracy on the same basis," the bulletin continues, "but perhaps users can best figure their savings on time, comfort and convenience afforded by better roads."

Traffic census figures and all other state highway information, the bulletin adds, will be furnished free on request by the St. Paul office of the Minnesota highway department.

TRUNK HIGHWAYS IN FAIR SHAPE

Minnesota trunk highways marked with official numbers on yellow stars and commonly called Babcock roads—are not yet up to normal condition, according to a special bulletin issued today by the state highway department.

Pavements came through the winter in excellent condition and are good as usual. Graveled and dirt roads in the trunk system, however, and especially those subject to heavy traffic, still show the effects of slow thaws this spring and recent soaking rains. Patrolmen and other main-

tenance men have been at work in full force for some time and during the first week of favorable weather expect to pull up the trunk routes to normalcy.

Publication of the weekly bulletin giving detailed conditions of every part of the big 7,000-mile statewide system is to be resumed when the routes are back near the ordinary standard. The special bulletin, referring to roads in the Brainerd lake region, states:

T. H. No. 2—Duluth, Aitkin, Brainerd, Wadena, Detroit and Moorhead—Good between Duluth and Tamarack, except for poor stretch near Carlton; fair through Staples, good into Wadena and fair on to Moorhead.

T. H. No. 18—Elk River, Milaca and Garrison—Good from Elk River through Princeton, and fair through Onamia to Garrison.

T. H. No. 19—Brainerd, Walker and Cass Lake—Good, except stretch just south of Walker now rated fair. T. H. No. 27—St. Cloud, Little Falls and Brainerd—Paved from St. Cloud, through Royalton and Little Falls to Belle Prairie, and fair into Brainerd.

T. H. No. 35—Garrison, Grand Rapids, Virginia and Ely—Fair between Garrison and Aitkin; poor out of Aitkin and fair through Hill City to Grand Rapids; paved to Aurora; good to Ely. (Garrison-Grand Rapids section restricted against loads of more than two tons gross weight.)

GRAND FAREWELL ENTERTAINMENT

Juniors to Entertain the Seniors at Rutger's Resort, Bay Lake

SHORT, SNAPPY PROGRAM

Junior Melody Makers Will Also Give Their Finest Selections

Tonight one of the greatest social events in the careers of the Juniors and Seniors of the local high school will take place at Rutger's resort, Bay lake.

The Juniors, after working hard for weeks, put on the first carnival ever held in the Brainerd high school. A great deal of credit is due Miss Vivian Gillette, chairman of the carnival committee, for the painstaking manner in which she put the event over. The Juniors gave this carnival for the annual "farewell" entertainment, and the result is the banquet at Rutger's tonight.

A short, peppy program has been prepared and the Junior Melody Makers will render a few selections. Wallace Anderson and Virgil Quastrom, presidents of the Junior and Senior classes respectively, will give and receive in all due form and solemnity the honors of the two classes.

GRAND FAREWELL ENTERTAINMENT

Juniors to Entertain the Seniors at Ruttger's Resort, Bay Lake

—SHORT, SNAPPY PROGRAM

Junior Melody Makers Will Also Give Their Finest Selections

Tonight one of the greatest social events in the careers of the Juniors and Seniors of the local high school will take place at Ruttger's resort, Bay lake.

The Juniors, after working hard for weeks, put on the first carnival ever held in the Brainerd high school. A great deal of credit is due Miss Vivian Gillette, chairman of the carnival committee, for the painstaking manner in which she put the event over. The Juniors gave this carnival for the annual "farewell" entertainment, and the result is the banquet at Ruttger's tonight.

A short, peppy program has been prepared and the Junior Melody Makers will render a few selections. Wallace Anderson and Virgil Quastrom, presidents of the Junior and Senior classes respectively, will give and receive in all due form and solemnity the honors of the two classes.

Notice: I have brought to your attention the challenge from the stricken church of Japan. Every member will receive this week a folder showing the need of the church in Tokio, and the vision of the future—a vision that can be realized only if you and other members of the church here at home answer the call for help.

It is a great challenge that thus comes from the infant church of Japan—the challenge that would come to a mother whose child meets with a fearful accident just as he is about to set up a home for himself. Will she abandon him to his fate? No, love, and the maternal instinct of sacrifice, learned through the years, prevails. He is still her child. So, too, our loving nurture of many years for the church in Japan, can not, nay, must not fall to the ground.

Read the folder carefully and prayerfully, and then bring your offering or send it to church on Sunday, June 1st, and help all others to do the same.

Let us rise up and build.

W. M. Walton, Rector.

SATURDAY, MAY 24, 1924

A STERLING MINORITY REPORT

It's a Sterling minority report that was handed in by Senator Sterling, republican, of South Dakota, when he took exception to the majority report as made by Senator Borah in its investigation of Senator Wheeler. The majority report of the investigating committee exonerated Senator Wheeler of the charge in an indictment returned in Montana of having accepted a fee to practice before the interior department.

Of all the investigations carried on by congress, the most superfluous, in our opinion, is the one devoted to investigating an indictment returned against a senator. It has come to a pretty pass in our history when congress, so obsessed with the investigating mania, even takes up an indictment regularly made by a grand jury of a court.

The majority report submitted by Senator Borah amounts to a whitewash of Senator Wheeler. Senator Sterling in his arguments made before the senate, said the adoption of the report would give Senator Wheeler an advantage no ordinary citizen could enjoy. He asserted the effect of the majority report would be to prejudice the trial in advance and "affect public sentiment against the government and in favor of the senator." The whole thing would set a precedent that would plague the senate ever after.

Senator Walsh, however, who seems to have delved deeply into legal lore, said there was precedent for the action, as the senate had pursued a similar course in 1801.

Such a course as taken by the investigating committee, if carried out beyond the pale of the senate, would find other citizens accused of indictments, setting about and getting endorsements of clubs, churches and other societies, having them investigate and report their findings and thus having a lot of public sentiment generated before the judge of the court took up the case on his docket.

Similarly Congressman Harold Knutson, charged with a heinous crime, might have appealed to the lower house for an investigation of the charges made against him at Arlington. Congressman Knutson, however, was content to let the courts have action, and found complete vindication.

A situation might arise in the future where the senate would issue a clean bill of health to an accused member and then become aware that the courts, after their procedure, had found a member guilty of a charge in an indictment. A man is not guilty until proven so, but the senate, according to its procedure, might in some extraordinary case pronounce a man not guilty, who later might be so found by the courts.

HE FANNED 14 BATTERS

"He fanned 14 batters."

That seems to have been one of the great contributing causes in the downfall of St. Cloud Technical High school, when they faced the Brainerd high school team in a game here, for Zakariassen was in rare form and his smoke ball, like Joe Bush's of early days, zipped over the plate and bewildered the batsmen.

Both the St. Cloud Daily Times and St. Cloud Daily Journal Press agreed on one thing Thursday. It is so seldom when William Schilplin and Alvah Eastman, the rival editors, can agree, and the present occasion is therefore a noteworthy one.

Each accorded the Brainerd high victory over the St. Cloud Tigers a seven column headline at the top of the sport page. Brainerd had given St. Cloud its first defeat of the season.

The St. Cloud Daily Journal Press, in commenting on the game, said that "with Zakariassen, Brainerd high school pitcher, in wonderful form, holding the Tech high school batters to four hits, the Brainerd team Wednesday handed the St. Cloud team its first defeat of the season, winning 5 to 2. St. Cloud entered the game a favorite because of the severe drubbing given the Brainerd nine on a previous occasion.

"But Wednesday Zakariassen was invincible. He struck out 14 Tech batsmen, accounting for two-thirds of the putouts. His mates took seven hits off McGuire and Rengel, Tech pitchers."

"Too much Zakariassen," says the St. Cloud Times, caused St. Cloud's defeat. "Loose infield work, coupled with inability to hit Zakariassen, cost the Tigers of St. Cloud Technical High School their first defeat this year.

"Zakariassen, tall moundsman for Brainerd, was at top form in the game. Of the 27 batters who faced him, he fanned 14, scoring two-thirds of the putouts of the seven inning session single-handed."

St. Cloud's former clean-slate, with a promise of a state championship, faded with the wallowing.

HIGHWAYS ARE IMPROVING

According to Report of County Highway Engineer, They Are in Good Condition

MAINTENANCE WORK

Have Been Done on all Roads Since Rains, Improving Surface Materially

Highways throughout the county are generally in very good condition, according to County Highway Engineer Walter M. Murphy. The maintenance that has been done on all roads since the recent rains, has improved the surface quite materially. The detailed report of roads under the supervision of the county highway engineer, follows:

State Road No. 1—(Thirteenth street to Morrison county line)—This road is in very good condition, being one of the best graveled roads in the state. Quite a little repair and maintenance work has been done upon it this spring.

State Road No. 2—(Dewey highway)—The newest of county roads runs east and west through the southern tier of townships, connecting trunk highways Nos. 27 and 28. This road is narrow, rough in places, but is passable and generally in fair condition.

State Road No. 3—(Brainerd, Merrifield, Emily)—Mill avenue in Northeast Brainerd is maintained by the county and is in fine condition. River gridge to Merrifield, rough. This section of the road is being rebuilt by the county. P. W. Roark Construction Co. having the contract. The company has started its operations, and has completed some eight hundred feet of the new road from Merrifield south. The highway will be kept open for travel at all times.

Merrifield north to Cross Lake good. A sandy stretch of one mile about eight miles north of Merrifield, has been repaired and is in good condition. Balance of road to Emily, good.

State Road No. 4—(Crosby, Emily and north to Cass county line)—Crosby north to Mississippi river

bridge, road is in good condition, though very curved and narrow in places. Bridge to Fairfield town line, six miles, good, rough in places. Detour at Perry Lake has been abandoned, take new road. To Emily, excellent, to Outing and Cass county line good.

One and one-half miles of new road is to be built from the river bridge south toward Crosby. It is expected that the contract for this road will be let at the next meeting of the commissioners. The old road will be used during the construction of the new highway.

State Road No. 5—(Deerwood, Bay Lake and south)—Deerwood to Bay lake good, rough in places. Bay lake south over new construction along the lake shore is in good condition. This road connects with Trunk highway No. 18 at the Workman corner, sixteen miles east of Brainerd. It is one of the most scenic roads in the county, and it is expected that motorists will use it a great deal this summer because of this fact.

White lines throughout the county are in very good shape, it is reported. Much interest is taken in the road known locally as "The Inland Trail" or White Line No. 10, from Merrifield north to Pelican lake and Breezy Point. The county has appropriated funds for surfacing on this road where it is most needed and this work is rapidly nearing completion. The distance from Brainerd to Breezy Point over this road is twenty miles.

White lines are being marked throughout the county with a special marker, a black board about one foot square with a straight white line painted above the number of the road. These markers are prepared by the county forces and are being rapidly installed. They will be much appreciated by motorists who travel these roads this season.

A STERLING MINORITY REPORT

It's a Sterling minority report that was handed in by Senator Sterling, republican, of South Dakota, when he took exception to the majority report as made by Senator Borah in its investigation of Senator Wheeler. The majority report of the investigating committee exonerated Senator Wheeler of the charge in an indictment returned in Montana of having accepted a fee to practice before the interior department.

Of all the investigations carried on by congress, the most superfluous, in our opinion, is the one devoted to investigating an indictment returned against a senator. It has come to a pretty pass in our history when congress, so obsessed with the investigating mania, even takes up an indictment regularly made by a grand jury of a court.

The majority report submitted by Senator Borah amounts to a whitewash of Senator Wheeler. Senator Sterling in his arguments made before the senate, said the adoption of the report would give Senator Wheeler an advantage no ordinary citizen could enjoy. He asserted the effect of the majority report would be to prejudice the trial in advance and "affect public sentiment against the government and in favor of the senator." The whole thing would set a precedent that would plague the senate ever after.

Senator Walsh, however, who seems to have delved deeply into legal lore, said there was precedent for the action, as the senate had pursued a similar course in 1801.

Such a course as taken by the investigating committee, if carried out beyond the pale of the senate, would find other citizens accused of indictments, setting about and getting endorsements of clubs, churches and other societies, having them investigate and report their findings and thus having a lot of public sentiment generated before the judge of the court took up the case on his docket.

Similarly Congressman Harold Knutson, charged with a heinous crime, might have appealed to the lower house for an investigation of the charges made against him at Arlington. Congressman Knutson, however, was content to let the courts have action, and found complete vindication.

A situation might arise in the future where the senate would issue a clean bill of health to an accused member and then become aware that the courts, after their procedure, had found a member guilty of a charge in an indictment. A man is not guilty until proven so, but the senate, according to its procedure, might in some extraordinary case pronounce a man not guilty, who later might be so found by the courts.

HE FANNED 14 BATTERS

"He fanned 14 batters."

That seems to have been one of the great contributing causes in the downfall of St. Cloud Technical High school, when they faced the Brainerd high school team in a game here, for Zakariassen was in rare form and his smoke ball, like Joe Bush's of early days, zipped over the plate and bewildered the batsmen.

Both the St. Cloud Daily Times and St. Cloud Daily Journal Press agreed on one thing Thursday. It is so seldom when William Schilplin and Alvah Eastman, the rival editors, can agree, and the present occasion is therefore a noteworthy one.

Each accorded the Brainerd high victory over the St. Cloud Tigers a seven column headline at the top of the sport page. Brainerd had given St. Cloud its first defeat of the season.

The St. Cloud Daily Journal Press, in commenting on the game, said that "with Zakariassen, Brainerd high school pitcher, in wonderful form, holding the Tech high school batters to four hits, the Brainerd team Wednesday handed the St. Cloud team its first defeat of the season, winning 5 to 2. St. Cloud entered the game a favorite because of the severe drubbing given the Brainerd nine on a previous occasion.

"But Wednesday Zakariassen was invincible. He struck out 14 Tech batsmen, accounting for two-thirds of the putouts. His mates took seven hits off McGuire and Rengel, Tech pitchers."

"Too much Zakariassen," says the St. Cloud Times, caused St. Cloud's defeat. "Loose infield work, coupled with inability to hit Zakariassen, cost the Tigers of St. Cloud Technical High School their first defeat this year.

"Zakariassen, tall moundsman for Brainerd, was at top form in the game. Of the 27 batters who faced him, he fanned 14, scoring two-thirds of the putouts of the seven inning session single-handed."

St. Cloud's former clean-slate, with a promise of a state championship, faded with the walloping.

DISTRICT COURT PROCEEDINGS

Jury Finds for Plaintiff in Case of
Storzbach vs Farmers'
Shipping Co.

DAMAGES ASSESSED AT \$2,000

May Calendar Concluded, But An Ad-
journed Term May be
Held Later

In district court the jury in the last case on the calendar, that of Jake J. Storzbach against the Farmers' Shipping Co., brought in a verdict finding for the plaintiff, and assessing his damages at \$2,000 and accrued interest. Mrs. A. C. Weber was foreman of the jury.

Dr. Steinfeldt, in a case heard a few days ago, was sentenced to pay a fine of \$50, which was paid. This case was an appeal from the municipal court.

Nick Paun was arraigned and plead guilty to a charge of manufacturing intoxicating liquor. He was sentenced to serve sixty days in the county jail and to pay a fine of \$200, with sixty days additional in jail in default of payment of the fine.

Martin Sevey, charged with non-support of a minor child, was in court, and his case was continued until the next term.

This concludes the May calendar, but an adjourned term will be held later, it is expected, probably in July.

HOME COMING FOR OLD BOOKS

Week of May 26 to 31 so Designated
at Brainerd Public

Library Books

The week of May 26th to 31st has been designated as "Home-coming week" for books that are over-due at the Brainerd public library.

All books, regardless of the length of time that they are over-due, may be returned without having any fines attached, during this week.

It is pointed out that very often books are misplaced, or unintentionally put with books in home libraries. Patrons of the public library are asked to look over their bookshelves for stray library books, and if any are found to return them, whether they were borrowed by the finder or only left in the home by some one else.

A list of delinquent books and their borrowers has been made, and these will be checked off as they are returned.

STORY OF HEART APPEAL

Funds Realized to be Used to Pay
Corps Expenses Memorial
Day

"The Governor's Lady," David Belasco's stage play, which Harry Millard made for William Fox, is a human interest story of great heart appeal. The man who made "Over the Hill" and the screen version of "If Winter Comes," handles a theme of this kind exceptionally well.

At the time the stage play was produced on Broadway it was pronounced "an extraordinary human play" and the screen version possesses this same quality to an even greater degree. Emmett Corrigan and Emma Dunn were the original Daniel Slade and his wife on the stage. Robert T. Haines and Jane Grey have the roles in the photoplay.

"The Governor's Lady" starts a two-day engagement next Wednesday and Thursday, May 28th and 29th, at the Lyceum theatre under the auspices of the local Women's Relief Corps.

The funds realized from this picture will be used in assisting to defray the expenses of the corps incident to Memorial Day, and for purchasing flags which are presented to the schools of the city annually.

The public is asked to remember the day, and to assist the Relief Corps in this worthy cause.

"Jury of His Peers"

Ed Pendleton, member of the Kansas legislature from Franklin county, was called as a member of the jury recently, in United States court at Leavenworth.

"I never served on a jury of any kind in all my life before," Pendleton explained to his friends, "and I wanted to know if all those jokes about how juries perform were true."

"Well, after serving on a jury," asked a friend, "how would you like to be tried by one?"

"Not for me," replied Pendleton. "I wouldn't want to be tried by a jury—even if I were a member of it."—Kansas City Star.

Chicago Health Chief Proves Power of Milk by Using Milk-Powder Brick Fuel on Railroad Train

To present as spectacularly as possible the fact that there is a great amount of power in milk, Health Commissioner Bundesen of Chicago recently drove a locomotive pulling a long train of cars with bricks of milk powder instead of coal as fuel. The photo shows the fireman with a shovel of milk powder bricks ready to feed the fire. Commissioner Bundesen is shown in the cab of the locomotive. A lecture on the powers and the energy of milk preceded the unusual demonstration.

"Eyes of the Forest" Shows Athletic Fox Star in Thrilling Role of Aviator

Deep in the big timber country of California, Tom Mix, a company of actors and a mechanical force lived for two months during the making of "Eyes of the Forest," which shows at the Lyceum Theatre last time tonight. According to advance reports of this William Fox production, the sacrifice, if such it was, was worth the effort. Having pioneered in almost every field of daring, Mix will now make his bow as a full-fledged aviator.

THE CHILWORTH

A Two-Story House of Economical Design.

In the Chilworth we have a splendid example of what can be done toward interesting arrangement in the block type of house. No one would ever guess in passing this house that the floor plan was so nearly square. The low roof with its wide overhang and the long roof line of the porch are most effective in overcoming the boxlike effect. Grouping of the windows and the long rectangular openings of the porch also help materially. Another intelligent idea was that of the artistic corner entrance.

From the entrance we step into a large vestibule lighted by a side window and having a coat closet

with double doors. Two low broad steps take us up to the main floor level into the living room. The immense fireplace and generous proportions of the room are its chief features although the vista provided by French doors to the porch and the front window grouping add greatly to its attractiveness.

The wide opening separating the dining room from the living room gives a dignified effect to both rooms and gives each the benefit of light and air from the porch. In the kitchen every provision has been made to lighten the work there as much as possible. Cabinets, cupboards, sink and work table are all adjacent to each other and in good light. The range is set well out of the way and there is a closet for the heavier kitchen articles and cleaning equipment. There is a door to the living room giving quick access to the front door and

the stairs. On the second floor the three bedrooms, bath and linen closet open off a central hall. Of particular interest are the large closets in the bedrooms and the luxurious bath which has bathtub and shower as well as a cabinet for linen storage.

Placed with its widest dimensions toward the front, this house requires a lot 50 feet wide, but by building the porch at the back a narrower lot could be used.

The ornamentation over the front entrance and on the columns of the porch can be beautifully executed in concrete. The advantages of concrete masonry construction are its permanence and economy. Portland cement stucco in one of the many attractive colors and textures possible with this material, makes an exterior treatment that is free from expense of continued painting bills.

would not shake hands with more people than he did recently at the Paramount Long Island studio where he made his latest picture, "Pied Piper Malone," an original story by Booth Tarkington.

The hand shakers were not voters, far from it. They were fifty youngsters, ranging from one year to ten years of age and every morning there was a regular procession of kiddies bringing greetings of the day to their favorite. Some shook hands but some were more fortunate and received a kiss on the cheek and a big hug—especially the blue-eyed girls—from Mr. Meighan.

The children were just as big favorites with Mr. Meighan as he was with them. They followed him around the studio in complete adoration, which he returned with equal enthusiasm. The popular star is literally their "Pied Piper" in the picture.

"Pied Piper Malone" opens a three day run at the Lyceum Theatre on Sunday. Lois Wilson, leading woman, heads the strong supporting cast, which includes George Fawcett, Cyril Ring, Charles Stevenson, Joe Burke and a host of others.

Ben Lyon and Colleen Moore in "Painted People"

Colleen Moore Best "Tomboy" of the Screen

Rodolph Valentino can claim the title, "The Screen's greatest lover," Norma Talmadge is accorded the distinction of being the greatest of all emotional actresses.

To William S. Hart goes the title, "The screen's greatest portrayer of Western roles."

But to Colleen Moore must go the title—"The screen's one and only tomboy."

Miss Moore stands so far ahead of her competitors for this distinction that there is really no competition at all.

She has been "tomboy" it almost since her advent into films five years ago. She has been a "tomboy" representative of almost every nationality.

"She was 'tomboy' Irish in 'Come on Over,' and an Indian 'tomboy' in First National's 'The Huntress,' a typical society 'tomboy' in 'Flaming Youth,' and in 'Painted People' playing at the New Park tonight and Sunday at regular prices, she is again portraying an American 'tomboy,' but one essentially different from her 'Flaming Youth' characterization.

In this picture she is seen in the leading role, that of a hoydenish

girl of the poorer section of a typical American town, the ringleader of all the devilry of the neighborhood, and the best baseball player in the district.

Directed by Clarence Badger, the cast of "Painted People" includes an array of popular screen players, including Ben Lyon, Charlotte Merriam, Charlie Murray, Sam De Grasse, Joe Striker, Mary Alden, Russell Simpson, Mary Carr, June Elvidge and Anna Q. Nilsson.

Vaudeville at New Park Tonight and Sunday—Regular Prices

In conjunction with Colleen Moore in "Painted People" tonight and Sunday, the New Park will present De Waldo, the world famous gymnast, in a high class vaudeville act. This big double bill will be presented at regular prices.

Checkers

In England the game of checkers is known as draughts; in France, jeu des dames; Holland, damrod; Poland, dama; in the Arabic of Egypt, damah. The recurrence of the forms of "dame" is attributed to the fact that part of the board and some of the draughts of Queen Hatasa, daughter of Thothmes, who lived in Egypt 1800 B. C., were found.

QUART OF WATER A DAY HELPS KIDNEYS

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and dull, misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

TOM DAVIS IS GIVEN WELCOME

Gubernatorial Candidate Addressed
Large Crowd at Court
House

STATES HIS POSITION

Says It's a Fight of the Common People
for Political Power

Local Farmer-Laborites gave Tom Davis, gubernatorial candidate, a warm welcome here last night. A crowd greeted him in the farmers' room at the court house when A. H. Kaun, who acted as chairman, called the meeting to order. Davis has spoken here in previous campaigns and always draws well.

"While I am a candidate," said Mr. Davis, "before the voters at the primary for the Farmer-Labor nomination for governor, and am asking for the support of all who feel that I am fitted to be the candidate of the party, I am more concerned for the cause I represent than I am about my own nomination."

"This is a fight of the common people for possession of political power, in order that that power may be used to secure economic reform."

"We are asking to restore our national resources to the people. Whenever any measure which will benefit the people is proposed, it will be found that such a measure always strikes at some special privilege, and this special privilege resists with all the power it can command."

"We are paying a very high rate, for example," continued Mr. Davis, "for electricity in this state, a rate which runs from 10 to 15 cents per kilowatt hour, while in Ontario, Canada, the people are buying current for 2.7 cents per kilowatt hour. Ontario owns a super-power plant, while in Minnesota our water power is privately owned. I favor state ownership of our water power, and its development as a public service. I also favor a state owned terminal elevator for storage of grain, and state owned warehouses for storage of farm products."

"All public utilities must ultimately become public property in order to reduce cost of service to the people. The Farmer-Labor party is committed to such a program."

Mr. Davis speaks at Pine River this afternoon and at Alton tonight.

At the conclusion of the meeting here, a "Davis for Governor" club with 64 members was formed to work for Mr. Davis' nomination.

GOLDEN WEDDING

Anniversary Celebrated in St. Paul
by Mr. and Mrs. H. A. Titze,
Formerly of Brainerd

Mr. and Mrs. H. A. Titze, 210 Fuller Ave., St. Paul, former residents of Brainerd, celebrated their golden wedding anniversary on Thursday, May 22nd. A daughter, Mrs. H. H. Shipley, of Pasadena, Calif., and Mrs. H. J. Schweer of Beardstown, Ill., were there for the occasion. After an illness of several months, Mrs. Titze was able to participate in the family reunion.

HOUSES FOR SALE

The Board of Education of the Brainerd School District will receive sealed "Bids" at the office of the secretary, Louis F. Hohman, 214 S. 6th St., Brainerd, Minn., up to the hour of seven o'clock P. M., Tuesday, June 3rd, 1924, for the purchase of the following buildings:

One brick veneer building on S. Pine St., and known as No. 513 and now occupied by Mr. A. B. Anderson. Also one shed building on above described property.

One frame building in good condition and located on S. 5th St., and known as No. 691 and now occupied by a Mrs. Johnson.

One building erected for a barn, but never used for this purpose and located also on above described property or No. 691 S. 5th St. Also all smaller buildings on these premises.

CONDITIONS:
Successful "Bidders" must remove buildings from the Brainerd school district property by the first day of August, 1924. If buildings, or any one of said buildings, are to be wrecked and then removed by the successful "Bidder," then all rubbish must be moved off the school property by the date noted above and the property to be left in a clean and sanitary condition.

"Bidders" must accompany their proposals with a certified check to the amount of 25 per cent of their "Bid" said check to be made payable to Mr. M. E. Morrison, treasurer of the Brainerd School District. Said certified checks to be returned to unsuccessful "Bidders."

Board of Education of the Brainerd School District reserves the right to reject any or all "Bids."

Respectfully,
LOUIS F. HOHMAN,
Sec'y. Board of Education of
the Brainerd School District.

NYE J. LANGMADE

Nye J. Langmade, a successful business man of the Twin Cities, who operates a chain of grocery stores there, has been speaking each night this week in Gardner hall.

Mr. Langmade will bring two very strong messages from God's word on Sunday at public services to be held at 3 o'clock and 8 o'clock P. M. These messages will be very inspirational and will be based on the subject, "The Secrets of Success in Life."

All meetings are being held under the auspices of the Christian and Missionary Alliance. George French is in charge.

Miss Margaret Houser, young peoples' district evangelist, will speak on next Monday, Tuesday and Wednesday evenings.

The public is especially invited to attend these services.

IN MUNICIPAL COURT

Cases Heard Charged Intoxication,
and One Was Abandonment
and Non-Support

In municipal court Saturday morning, James Lundgren, Lyl Miller and Raymond Fracer plead guilty to a charge of intoxication. Each was fined ten dollars and one-third of the costs, totaling \$12, or in default of payment, to be committed to the county jail.

Martin Sevey, brought back from Jamestown, N. D., by Sheriff Reid, was arraigned on a charge of abandonment and non-support. Sevey waived examination and was held over to the district court, bonds being set at \$1,000.

Ironton Community Council

Members of the Brainerd Musical club are cordially invited to attend the birthday party to be given by the Ironton community council on next Wednesday afternoon, May 28, at three o'clock in the village hall. An interesting program has been arranged.

MILK INSPECTION TO BE DISCUSSED

Dr. R. A. Hallquist to Address the
Northeast Brainerd Improvement League

TUESDAY EVENING AT LOWELL

Other Numbers on Program—Garden
Committee to Give
Report

Dr. Ralph A. Hallquist, city dairy inspector, will speak at the Northeast Brainerd Improvement League meeting on Tuesday evening at the Lowell school. He will discuss the milk supply of Brainerd and as clean milk is one of the necessary essentials of the household everybody should take advantage of this opportunity of acquainting themselves with the regulations of our supply.

The social welfare committee is endeavoring to secure another entertaining number for the evening. The program will consume about 40 minutes and will leave ample time to discuss matters of interest to the ward and the city as a whole. The meeting starts at 8 o'clock and will probably be the last one of the season.

The garden committee will have a report to make as well as other committees.

President Dahl says efforts will be put forth to clear away all matters by ten o'clock.

CHIMNEY FIRE

Threatened Store and Residence of
Martin Berggreen Late This
Afternoon

A chimney fire at 2:30 o'clock Saturday afternoon threatened the combined store and residence of Martin Berggreen, 1618 Oak street, S. E. The roof was badly damaged, and the interior of the building was water-soaked.

Mr. Berggreen had only recently purchased the store, moving to the city from Crow Wing, where he conducted a store for a number of years.

MRS. I. MILLER DIED

Home Was at Velvet Beach, Pelican
Lake, Death Followed An
Operation

Mrs. I. Miller, of Velvet Beach, Pelican lake, passed away at noon today, following an operation at a local hospital.

The funeral will be held Monday afternoon from the Whitney chapel and interment will be made in Evergreen cemetery beside her husband who died last fall.

An account of Mrs. Miller's life will be given in Monday's Dispatch.

SPECIAL SESSION CITY COUNCIL

A special session of the city council has been called by President H. F. Michael for Monday evening. This call is for the purpose of considering the opening of bids presented for paving and the acceptance or such other action on the bids as may be advisable, and for the transaction of such other business as may properly come before the council.

JUDGE ALLBRIGHT MAKES STATEMENT

Judge C. A. Allbright has announced that he will not be a candidate for the office of probate judge. Judge Allbright was appointed to that position to fill the unexpired term of Judge J. T. Sanborn.

Judge Allbright has been in poor health of late and his decision was arrived at because he feels that the strenuous work of a political campaign will delay his recovery.

Department of Methodist
Church

The adult department of the Methodist church held its regular monthly meeting on Friday night, which was also in the nature of a farewell party for the department's ex-president, Mrs. George Brown, who was presented with a beautiful string of pearls by the class and the department.

The program opened with a Japanese pageant, given by the junior department under the direction of Mrs. G. E. Lammon and Miss Benson. The Philatelia class staged a playlet, "The Silver Lining."

There was considerable anxiety among the members, owing to the fact that the new president of the class, Mrs. A. F. Sorenson, who was leading lady in the play, had just

TOM DAVIS IS GIVEN WELCOME

Gubernatorial Candidate Addressed
Large Crowd at Court
House

STATES HIS POSITION

Says It's a Fight of the Common People for Political Power

Local Farmer-Laborites gave Tom Davis, gubernatorial candidate, a warm welcome here last night. A crowd greeted him in the farmers' room at the court house when A. H. Kaun, who acted as chairman, called the meeting to order. Davis has spoken here in previous campaigns and always draws well.

"While I am a candidate," said Mr. Davis, "before the voters at the primary for the Farmer-Labor nomination for governor, and am asking for the support of all who feel that I am fitted to be the candidate of the party, I am more concerned for the cause I represent than I am about my own nomination."

"This is a fight of the common people for possession of political power, in order that that power may be used to secure economic reform."

"We are asking to restore our national resources to the people. Whenever any measure which will benefit the people is proposed, it will be found that such a measure always strikes at some special privilege, and this special privilege resists with all the power it can command."

"We are paying a very high rate, for example," continued Mr. Davis, "for electricity in this state, a rate which runs from 10 to 15 cents per kilowatt hour, while in Ontario, Canada, the people are buying current for 2.7 cents per kilowatt hour. Ontario owns a super-power plant, while in Minnesota our water power is privately owned. I favor state ownership of our water power, and its development as a public service. I also favor a state owned terminal elevator for storage of grain, and state owned warehouses for storage of farm products."

"All public utilities must ultimately become public property in order to reduce cost of service to the people. The Farmer-Labor party is committed to such a program."

Mr. Davis speaks at Pine River this afternoon and at Aitkin tonight.

At the conclusion of the meeting here, a "Davis for Governor" club with 64 members was formed to work for Mr. Davis' nomination.

GOLDEN WEDDING

Anniversary Celebrated in St. Paul
by Mr. and Mrs. H. A. Titze,
Formerly of Brainerd

Mr. and Mrs. H. A. Titze, 210 Fuller Ave., St. Paul, former residents of Brainerd, celebrated their golden wedding anniversary on Thursday, May 22nd. A daughter, Mrs. H. H. Shipley, of Pasadena, Calif., and Mrs. H. J. Schweer of Beardstown, Ill., were there for the occasion. After an illness of several months, Mrs. Titze was able to participate in the family reunion.

HOUSES FOR SALE

The Board of Education of the Brainerd School District will receive sealed "Bids" at the office of the secretary, Louis F. Hohman, 214 S. 6th St., Brainerd, Minn., up to the hour of seven o'clock P. M., Tuesday, June 3rd, 1924, for the purchase of the following buildings:

One brick veneer building on S. Pine St., and known as No. 513 and now occupied by Mr. A. B. Anderson. Also one shed building on above described property.

One frame building in good condition and located on S. 5th St., and known as No. 601 and now occupied by a Mrs. Johnson.

One building erected for a barn, but never used for this purpose and located above described property or No. 601 S. 5th St. Also all smaller buildings on these premises.

CONDITIONS:
Successful "Bidders" must remove buildings from the Brainerd school district property by the first day of August, 1924. If buildings, or any one of said buildings, are to be wrecked and then removed by the successful "Bidder," then all rubbish must be moved off the school property by the date noted above and the property to be left in a clean and sanitary condition.

"Bidders" must accompany their proposals with a certified check to the amount of 25 per cent of their "Bid" said check to be made payable to Mr. M. E. Morrison, treasurer of the Brainerd School District. Said certified checks to be returned to unsuccessful "Bidders."

Board of Education of the Brainerd School District reserves the right to reject any or all "Bids."

Respectfully,
LOUIS F. HOHMAN,
Sec'y. Board of Education of
the Brainerd School District.

NYE J. LANGMADE

Nye J. Langmade, a successful business man of the Twin Cities, who operates a chain of grocery stores there, has been speaking each night this week in Gardner hall.

Mr. Langmade will bring two very strong messages from God's word on Sunday at public services to be held at 3 o'clock and 8 o'clock P. M. These messages will be very inspirational and will be based on the subject, "The Secrets of Success in Life."

All meetings are being held under the auspices of the Christian and Missionary Alliance. George French is in charge.

Miss Margaret Houser, young people's district evangelist, will speak on next Monday, Tuesday and Wednesday evenings.

The public is especially invited to attend these services.

Dr. Ralph A. Hallquist, city dairy inspector, will speak at the Northeast Brainerd Improvement League meeting on Tuesday evening at the Lowell school. He will discuss the milk supply of Brainerd and as clean milk is one of the necessary essentials of the household everybody should take advantage of this opportunity of acquainting themselves with the regulations of our supply.

The social welfare committee is endeavoring to secure another entertaining number for the evening. The program will consume about 40 minutes and will leave ample time to discuss matters of interest to the ward and the city as a whole. The meeting starts at 8 o'clock and will probably be the last one of the season.

The garden committee will have a report to make as well as other committees.

President Dahl says efforts will be put forth to clear away all matters by ten o'clock.

HELEN WILLS GOES ABROAD IN FINE FORM

By HENRY L. FARRELL
United Press Sports Editor

New York, May 24.—With her very becoming modesty and her pleasing personality, Miss Helen Wills, 18-year-old American tennis champion, is sure to have a triumph on her first visit to Europe, even if she should happen to lose a match or two.

England particularly will find much in the pretty young Berkeley girl to admire and love, because she is just the type of athlete that the English people regard as the ideal.

Without any outstanding champions of her own, England has been forced since the war to pay tribute to foreign heroes, and under the present circumstances the American girl will find a place all ready and prepared for her.

Mlle. Suzanne Lenglen was as much a heroine around the British tennis as she was in her native France until last winter, when she made some lighting remarks about the sportsmanship of the British, and all her former friends turned against her.

The circumstances attending Miss Wills' visit to England are much the same as those that surrounded Jack Dempsey when he happened to drop in on the British when they had turned against Carpentier and were looking for another idol.

Dempsey's modesty, a virtue not common to the type of a champion that the British had been associated with, made a great hit in England and he probably has just as many admirers and friends there as he has in this country.

After listening for a number of years to the fine opinions that Mlle. Lenglen has of herself, the English people probably will find it most refreshing to hear the young American girl tell them that she is not the greatest player in the world, that she can be beaten and that she may be beaten several times before she gets back to the United States.

Before she sailed for England, the California miss said that she could promise her friends and admirers only that she was going to try her best to win all her matches, but that there were many good players in Europe and that she might be beaten several times.

MAKES BRAINERD HIGH'S 4TH
STRAIGHT WIN OVER
SAME

The Brainerd high school closed its baseball season on Friday, defeating Little Falls by a score of 4 to 1, the local's fourth straight win over that team.

The Brainerd nine thus completes the best baseball season that it has enjoyed for years, having won five games out of the six played.

St. Cloud wants to play off the tie for district honors, at Little Falls next week, and the Brainerd team is anxious to meet the Granite City team again.

Friday's game was fast throughout. Molstad on the firing line did some great heaving, allowing two hits and striking out nine men. The score by innings follows:

GEORGES IN LIGHT TRAINING, PLAYING PIANO

GIBBONS FEELS TOO GOOD TO LET UP IN HIS TRAINING WORK

TWO BOXERS TO MOVE TO CHICA- GO ON SATURDAY OR SUNDAY

Michigan City, May 24.—While Carpentier played piano and strolled along Lake Michigan beach, Gibbons was giving fans one of the best exhibitions he has dealt out so far in training.

Gibbons worked two rounds each with Herman and Anderson. The promised let up in Tom's preparation for Carpentier May 31 did not come. "The only way to hold Gibbons back is to keep him out of the ring," said Manager Eddie Kane. "He feels too good. The crisp Michigan air where Pine Inn is located reminds Tom of Minnesota climate."

Gibbons took two spins on golf links and spent most of the day out in the open. In spite of chilly wind Gibbons perspired freely while he worked, showing the effort he puts into it.

Carpentier will begin training again today after a two-day rest. He will box but three days more in public.

"Not even dees newspaper men can see my Georges box next week," said Descamps.

This will be a big disappointment since scribes from all over the country will be on hand.

When Georges was asked how his hands were he banged them together and said in his best English, "I tell you thousand times dees hands ees fine—fine!"

Sammy Mandell, who boxes Paul Fritch in the semi-windup, arrived at Gibbons' camp today.

Renews Work Today
Georges will renew his training grind today before an eager crowd of spectators.

Georges will put the finishing touches on his training with only his managers and attendants as witnesses.

"Football teams drill secretly before big games," Descamps said. "So does my Georges. It is us who best know his condition and we want him to train his own way."

Work in Chicago
The two boxers will move to Chicago on Saturday and Sunday. The Frenchman is to box there on Saturday afternoon and on Sunday Tommy will perform. The two will work at the White City.

Nothing definite has been done on the referee.

George A. Barton, Mill City sport scribe and an official referee in Minnesota was here today and is a candidate for the position. It is said he is very acceptable to Gibbons and also is being sponsored by Jack Curley who is one of the main men in the Frenchman's camp.

"READY TO BOX GIBBONS," SAYS CARPENTIER

Michigan City, Ind., May 24.—"I am ready to box Gibbons tomorrow," Georges Carpentier, heavyweight

hope of France, told the United Press today.

"It is that I am in perfect condition, and feel anxious to get into the ring for an actual contest," he said.

Carpentier went through only the lightest of training work yesterday and will do little more today. On Sunday he will box for the public with sparring partners, and then he will complete his training grind in private.

Tommy Gibbons, who will meet Carpentier here May 30, has changed to straight road work and never misses his two rounds of golf.

The advance ticket sale has now passed the \$150,000 mark, it was announced by promoters today. A capacity crowd of 40,000 is now assured, they said.

CLAIM SCORE WAS 1 TO 1

The Dispatch is anxious to publish sport news, but it must insist that those who furnish such copy should be sportsmen enough to confine themselves to the truth regarding scores.

The Southeast Brainerd Pirates played the Night Hawks baseball club on Thursday evening, a report of which was published in Friday's Dispatch, stating that the score was 11 to 5 in favor of the Night Hawks.

A corrected report brought in today states that the score stood 1 to 1 when the game was called in the third inning by Umpire R. Whitlock on account of rain.

The standing of the local clubs is given as follows:

Team	W.	L.	Pct.
Pirates	4	1	.800
Tigers	2	1	.666
Tracys	0	2	.000
Northeast	0	3	.000
Milltown	0	1	.000
Night Hawks	0	0	.000

DIXON A VALUED MEMBER OF TEAM

Paris, May 24.—The American rugby football team, made up largely of collegians new to the sport, proved a distinct surprise in defeating the crack French team in the recent Olympic match, a match which was marked by riotous scenes in the stands and a general display of hostility towards the Americans. One of the stars of the American team was George Dixon, who gained fame as a member of the Leland Stanford university team in California.

HELEN WILLS GOES ABROAD IN FINE FORM

By HENRY L. FARRELL
United Press Sports Editor

New York, May 24.—With her very becoming modesty and her pleasing personality, Miss Helen Wills, 18-year-old American tennis champion, is sure to have a triumph on her first visit to Europe, even if she should happen to lose a match or two.

England particularly will find much in the pretty young Berkeley girl to admire and love, because she is just the type of athlete that his English people regard as the ideal.

Without any outstanding champions of her own, England has been forced since the war to pay tribute to foreign heroes, and under the present circumstances the American girl will find a place all ready and prepared for her.

Miss Suzanne Lenglen was as much a heroine around the British tennis as she was in her native France until last winter, when she made some lighting remarks about the sportsmanship of the British, and all her former friends turned against her.

The circumstances attending Miss Wills' visit to England are much the same as those that surrounded Jack Dempsey when he happened to drop in on the British when they had turned against Carpentier and were looking for another idol.

Dempsey's modesty, a virtue not common to the type of a champion that the British had been associated with, made a great hit in England and he probably has just as many admirers and friends there as he has in this country.

After listening for a number of years to the fine opinions that Miss Lenglen has of herself, the English people probably will find it most refreshing to hear the young American girl tell them that she is not the greatest player in the world, that she can be beaten and that she may be beaten several times before she gets back to the United States.

Before she sailed for England, the California miss said that she could promise her friends and admirers only that she was going to try her best to win all her matches, but that there were many good players in Europe and that she might be beaten several times.

AMERICAN RUGBY TEAM IS BOOED AND MOBBED BY PARIS SPECTATORS AS IT BEATS FRENCH OLYMPIC TEAM

American players were hissed throughout a match in which the French team was beaten 17 to 3 at the Colombes Stadium, Paris. Several fights took place in the stands and altogether it was the most unsportsmanlike demonstration ever witnessed at an international sporting event. This photograph was made during an earlier Olympic Games match in which the team from the United States beat the Frenchman 17 to 3.

BRAINERD WINS OVER LITTLE FALLS

LOCAL HIGH DEFEATED RIVALS BY SCORE OF 4 TO 1

MAKES BRAINERD HIGH'S 4TH STRAIGHT WIN OVER SAME

The Brainerd high school closed its baseball season on Friday, defeating Little Falls by a score of 4 to 1, the local's fourth straight win over that team.

The Brainerd nine thus completes the best baseball season that it has enjoyed for years, having won five games out of the six played.

St. Cloud wants to play off the tie for district honors, at Little Falls next week, and the Brainerd team is anxious to meet the Granite City team again.

Friday's game was fast throughout. Molstad on the firing line did some great heaving, allowing two hits and striking out nine men. The score by innings follows:

SPEED DEMONS HIT CENTURY MARK IN TRIAL SPINS

Indianapolis, Ind., May 24.—Trial laps at 100 to 105 miles an hour were being turned off with apparent ease in practice runs at the Indianapolis motor speedway today.

From the exhibitions of speed already given it is apparent that few of the drivers will have to exert themselves to make the required speed of 80 miles an hour for four laps when the elimination for the Memorial day race starts Monday.

Jerry Wonderlich in his Durant Special paced a lap at 1:25 3-5 yesterday afternoon, or slightly better than 105 miles an hour. A half dozen cars made more than 100 miles an hour.

GEORGES IN LIGHT TRAINING, PLAYING PIANO

GIBBONS FEELS TOO GOOD TO LET UP IN HIS TRAINING WORK

TWO BOXERS TO MOVE TO CHICAGO ON SATURDAY OR SUNDAY

Michigan City, May 24.—While Carpentier played piano and strolled along Lake Michigan beach, Gibbons was giving fans one of the best exhibitions he has dealt out so far in training.

Gibbons worked two rounds each with Herman and Anderson.

The promised let up in Tom's preparation for Carpentier May 31 did not come. "The only way to hold Gibbons back is to keep him out of the ring," said Manager Eddie Kane. "He feels too good. The crisp Michigan air where Pine Inn is located reminds Tom of Minnesota climate."

Gibbons took two spins on golf links and spent most of the day out in the open. In spite of chilly wind Gibbons perspired freely while he worked, showing the effort he puts into it.

Carpentier will begin training again today after a two-day rest. He will box but three days more in public.

"Not even dees newspaper men can see my Georges box next week," said Descamps.

This will be a big disappointment since scribes from all over the country will be on hand.

When Georges was asked how his hands were he banged them together and said in his best English, "I tell you thousand times dees hands ees fine—fine!"

Sammy Mandell, who boxes Paul Fritch in the semi-windup, arrived at Gibbons' camp today.

Georges will renew his training grind today before an eager crowd of spectators.

Georges will put the finishing touches on his training with only his managers and attendants as witnesses.

"Football teams drill secretly before big games," Descamps said. "So does my Georges. It is us who best know his condition and we want him to train his own way."

Work in Chicago
The two boxers will move to Chicago on Saturday and Sunday. The Frenchman is to box there on Saturday afternoon and on Sunday Tommy will perform. The two will work at the White City.

Nothing definite has been done on the referee.

George A. Barton, Mill City sport scribe and an official referee in Minnesota was here today and is a candidate for the position. It is said he is very acceptable to Gibbons and also is being sponsored by Jack Curley who is one of the main men in the Frenchman's camp.

"READY TO BOX GIBBONS," SAYS CARPENTIER

Michigan City, Ind., May 24.—"I am ready to box Gibbons tomorrow," Georges Carpentier, heavyweight

hope of France, told the United Press today.

"It is that I am in perfect condition, and feel anxious to get into the ring for an actual contest," he said.

Carpentier went through only the lightest of training work yesterday and will do little more today. On Sunday he will box for the public with sparring partners, and then he will complete his training grind in private.

Tommy Gibbons, who will meet Carpentier here May 30, has changed to straight road work and never misses his two rounds of golf.

The advance ticket sale has now passed the \$150,000 mark, it was announced by promoters today. A capacity crowd of 40,000 is now assured, they said.
